Booth #D8

# Live Demos at Booth #D8

From Monday to Thursday (May 6–9), starting from 12:30 hrs at our booth #D8, you will get a live introduction to the new power of Sim4Life.web, the premier cloud computing platform for device design, interactions with anatomy, and physiological responses. Bring your laptop and follow along, and get US\$100 in free credits to get started with a boost!

You can also join in for our short talks about standards, workflows, and the respective solutions from ZMT for your MRI implant safety evaluation.

We look forward to welcoming you at our booth!

## Monday, May 6, 2024

- 12:30 – 12:50 Get Started with Sim4Life.web: A New Era in Computational Life Sciences
- 12:55 – 13:15 MR Implant Safety Part I: Standards, Workflow, and the Big Picture

## Tuesday, May 7, 2024

- 12:30 – 12:50 Get Started with Sim4Life.web: A New Era in Computational Life Sciences
- 12:55 – 13:15 MR Implant Safety Part II: ZMT's Comprehensive Hardware Solutions

## Wednesday, May 8, 2024

- 12:30 – 12:50 Get Started with Sim4Life.web: A New Era in Computational Life Sciences
- 12:55 – 13:15 MR Implant Safety Part I: Standards, Workflow, and the Big Picture

## Thursday, May 9, 2024

- 12:30 – 12:50 Get Started with Sim4Life.web: A New Era in Computational Life Sciences
- 12:55 – 13:15 MR Implant Safety Part II: ZMT's Comprehensive Hardware Solutions
